AYULABS PVT. LTD.

PREFACE

Ayurveda is a holistic medical system. Ayurveda is a Sanskrit word that literally means as the knowledge of life (AYU – life, VEDA – Knowledge or science). It is based on ancient Indian medicinal texts that utilize natural treatments, herbal medicines, lifestyle and dietary practices to promote healing of body, mind and spirit. The benefits of Ayurveda have been proven over centuries and practiced in daily life to sustain health. Ayurveda is a ‘Holistic Science’ and lays a great emphasis on taking man’s psychosomatic constitution as a whole in solving various problems of health and disease. As we all know, the basic principle of “Ayurveda is to preserve and promote physical and mental fitness of an individual to live a meaningful life. Ayurveda has many unique methods of treatment with Herbal Remedies, Mineral Preparations, Panchkarma, Rasayana, Rejuvenative Therapy, and Yogic Practices etc.

Due to development of modern instruments and new advances in science, Allopathy has been placed in the forefront of medical treatment world over. But there are still some areas where limitations of Allopathy have made humans look out for safer medicaments in some of the conditions like Liver disorders, Digestion, Rheumatism, Immunomodulator and much more. The use of Allopathic medicines has always been debated and therefore before using Allopathic medicines even today, hazards are discussed first rather than the benefits.

Identifying the lacunae in healthcare & visualizing the main causes of the falling popularity of Ayurveda, AYULABS has decided to take upon itself the responsibility of rebuilding the popularity of Ayurveda brick-by-brick and to re-establish Ayurveda as a major system of medicine in India competent to take care of Indian masses effectively, economically and without the side effects common to the system of modern medicine. This promises to be an uphill task that can however be achieved with a great level of commitment & zeal. For accomplishing this task Ayulabs Pvt. Ltd. led by two veterans “Mr. Kantibhai Patel” Industrialist, & “Mr. Hemantbhai Patel” Ayurved Ratna has established an innovative, state-of-the-art Herbaceutical Manufacturing Plant, in an open pollution free area, conforms to the standards recommended by WHO GMP. In “Ayulabs Pvt. Ltd.” manufacturing Ayurvedic medicines is both an art & a science, Ayulabs has preserved the traditional art of manufacturing medicines & merged it with modern manufacturing techniques

Since 1981

PREFACE

in the manufacturing process to produce authentic Ayurvedic formulations of superior quality. Ayulabs manufactures over 40 Ayurvedic preparations comprising 20 well studied, research based, branded patent medicine. Ayulabs has come a long way, considerably widening its therapeutic base, offers a range of scientifically designed researched and clinically proven quality medicines and services for consumers. Our specialty in skin care, gastroenterology, orthopedic, respiratory, urology, diabetology and gynecology segment. There are many new products being nurtured with tender loving care that promise to be in its class. This involves continuous, painstaking research of many hours and years in various areas of therapeutics under the guidance of registered practitioner for clinical studies, where the medical fraternity is struggling to find a cure.

The journey of Ayulabs began in the year 1981 with a vision to improve the quality of life by making herbal healthcare available for all mankind, Our endeavour is to meticulously research and formulate standardized products of the highest quality. We firmly believe that the customer is of paramount importance and therefore we place customer satisfaction as our supreme priority.

Over the years, Ayulabs has established itself as one among the foremost national herbal healthcare company, recognized as the bastion of customer well-being with top-quality products and services. Our vision is to conduct our business with integrity, honesty and transparency and to create and maintain best in class standards across all areas of work and to encourage mutual trust, respect and team work and develop customer focused systems and practices.

Consistent quality, the hallmark of Ayulabs has earned us the GOLD MEDAL for Outstanding Quality Award from the institute of Entrepreneurship Development, New Delhi. We also have earned Vijay Ratna Award from India Institutional Friendship, New Delhi and National Gold Star Award from Indian Solidarity Council New Delhi. Three awards in a row within a single year speaks volumes of our Quality that has brought us recognition and Success. After tasting success in domestic market Ayulabs is all set to explore the global Market.

Ayulabs with its several years of expertise, transforms the crude herb into a valuable constituent of a high quality product. The Raw Material & Final

Since 1981

PREFACE

Product undergoes stringent approval tests on ultra modern sophisticated instruments before it is release in market.

The company firmly believes and has consistently practiced good corporate governance which is reflected by our values such as transparency, professionalism and accountability. According to Ayurveda diarrhoea is a disease caused by weakening of the digestive fire or due to weak absorption of the food material in the colon because of Un-Wanted Micro-organism. When the food is not properly digested or absorbed it passes out in semi liquid or watery form. Passing loose and liquid stools many times during a day is the main symptom of diarrhoea. It may be associated by cramps while passing stool or otherwise, wind and distention in the abdomen, weakness, mild fever and dehydration. Bactefar contains a host of natural ingredients with antimicrobial and astringent properties. It eliminates common microorganisms responsible for acute and chronic infectious diarrhea. Bactefar restores GI health. Bactefar's anti-inflammatory and demulcent properties facilitate healing of the intestinal mucosa, and its antispasmodic action alleviates abdominal colic associated with bowel infection.

Since 1981

BONFIT CAPSULE

For Bone insurance... in Osteopenia & Osteoporosis.

Each Capsule Contains

Abha guggul	120 mg
Laxadi guggul	120 mg
Madhumalinivasant	60 mg
Kishore guggul	50 mg

Packing :- 10x10 Capsule in blister packing.

Phytoestrogens in Bonfit inhibit bone resorption (breaking down of bones), also negates the bone resorptive effects of parathyroid hormones and prostaglandins. The drug is rich in elemental calcium, which helps in better bioavailability of the mineral. This allows the optimum amount of mineral to be absorbed into the bone. Bonfit stimulates bone formation and prevents the risk of osteoporotic fractures. Due to its anti-inflammatory action, Bonfit alleviates swelling and pain associated with bone fractures and osteoporosis.

Since 1981

Indication:- Premenstrual syndrome, Dysmenorrhea, menstrual cramps, Menstrual irregularities like menorrhagia heavy menstrual bleeding, metrorrhagia menstrual bleeding at irregular intervals and oligomenorrhea infrequent menstrual bleeding, Dysfunctional uterine bleeding, Assisted conception.

Dosage :

Syrups : 2-3 teaspoonful BID to TID or as directed by physician

Tablets : 2-3 tablets a day with milk or as directed by physician.

Packing :- Syrup 200ml Bottle . Tablet 500 Jar

Femton repairs the endometrium (inner membrane of the uterus), regularizes endogenous hormonal secretion, corrects the cyclical rhythm and relieves the symptoms of dysfunctional uterine bleeding. It corrects heavy bleeding. The antispasmodic and anti-inflammatory properties of Femton is helpful in alleviating pain during menstruation or menstrual disorders. This action is beneficial in treating anemia and weakness associated with uterine disorders. Hormones known as gonadotropins are responsible for regulating follicle maturation, ovulation and normalizing estrogen and progesterone levels. Gonadotropins are important to the system that regulates normal growth, sexual development and reproductive function. Femton improves fertility by normalizing these hormone levels.

Since 1981

The cumulative pharmacological action of LIMIT is insulin sensitizing , antihyperglycemic.

Since 1981

LUDOIL OIL

Restores natural Skin colour, Restores Happiness.

Each Oil Contains

Bavchi oil(Psoralea corylifolia)	50 %
Chalmogara oil(Hydnocarpus laurifolia)	20 %
Neem oil(Azadirachta indica)	10 %
Karanja oil(Pongamia glabra)	5 %
Jyotishmati oil(Celastrus paniculata)	2 %
Jeitun oil(Olea europaea)	2 %
Narayan oil	2 %
Mustard oil(Brassica juncea)	Q.S.

Indication:- Leucoderma, Depigmentation and vitiligo, Pityriasis versicolor.

Note:- Ludoil oil should be applied thinly on the white patch but prior to this surrounding area should be covered by some oil or Vaseline If required Ludoil oil may be diluted with coconut oil for reducing irritation of skin.

Ultra Violet rays of early morning sun have to be taken on effected Leucodermic patch, daily exposure should be slowly increased from 3 to 15 minutes within 14 to 15 days depending on individual response and tolerance.

Caution: Patient should be on bland diet during the treatment.No spicy food should be taken. Milk should not be mixed with sour food, jaggery,onion,Garlic etc. as it is known as "VIRUDDH AHAR" which is believed to be causative factor, should avoid it lifelong.

Packing :- Bottle of 60 ml

Caution:- For External Use Only.

Ludoil is a comprehensive therapy in vitiligo. Immunological attack on the melanocytes and free radical damage are considered to be the cause if vitiligo. Psoralea corylifolia the main ingredient of Ludoil stimulates the melanocytes to synthesize melanin, the pigment agent. Other ingredients also have immune modulating and antioxidant properties. Thus Ludoil effectively induces repigmentation in vitiligo

MOBYL OINTMENT

Target mobilization with perfection

Each Ointment Contains

Narayan oil	20 %
Wintergreen oil(Gaultheria fragrantissima)	15 %
Tarpin oil(Cedrus deodara)	5 %
Nilgiri oil(Eucalyptus globulus)	5 %
Pudinah ka phool(ark)(Mentha piperita)	5 %

Indication:- Pain associated with Rheumatic arthritis, Cervical Spondylosis, Osteoarthritis. Frozen Shoulder, Sprains, Sports Injury and Fibromyalgia.

Dosage: To be applied locally where pain persists, or inflammation is experienced, twice or thrice a day.

Packing :- 25gm in tube

Caution:- For External Use Only.

Mobyl Ointment is a potent topical anti-inflammatory analgesic and counter irritant. Wintergreen Oil a counter irritant and helps relieve pain immediately. The counter irritant in Mobyl ointment also helps the absorption of the anti- inflammatory ingredients through the skin. Thus Mobyl ointment relieves pain immediately, reduces inflammation rapidly and restores mobility instantly.

Since 1981

Communicate your love through Natures gentle touch

Each Oil Contains

Biotin	300 mcg
Vitamin B6	2 mg
Folic Acid	200 mcg
Selenium	40 mcg
Vitamin A (as Palmitate)	500 IU
Vitamin D3	400 IU
Vitamin E (as dl-Alpha tocopheryl Acetate)	10 mg
Amla (Phyllanthus emblica)	20 mg
Bringraj (Eclipta prostrata)	20 mg
Shatavari (Asparagus officinalis)	20 mg
Hibiscus (Hibiscus rosasinesis)	20 mg
Yastimadhu (Glycyrrhiza glabra)	10 mg
Vitamin B12	1 mcg
DL-Methionine	20 mg
Bramhi	25 mg
Iron (from Ferrous Fumarate)	10 mg
Omega 3	75mg.

Indication:- Hair loss due to varied etiology. Better skin & Nail luster.

Dosage: 1 soft gelatin twice a day for 3 months.

Packing :- 3x10 capsules in box.

As deficiency of vitamin and other nutrients play a very vital role in Hair Care.

Consuming adequate protein is important for hair Care as hair follicles are made of mostly of protein.

A lack of protein in the diet has been shown to HAIR LOSS.

Biotin is essential for the production of a hair protein called Keratin.

Apart from that Iron, Zinc ,Vitamin D3, Vitamin E, Folic Acid etc all nutrients are equally useful for Hair Care.

Similarly so many herbs are being used in hair care traditionally like Bhringraj, Amla, Shatavari, Brahmi & so others

Nutrich Nutra is a synergistic blend of Ancient wisdom and multivitamins that helps to restore and maintain healthy hair ,Skin & Nail.

Bhringraj : Increases blood circulation in the scalp and hair follicles thus promote hair growth.

Hibiscus & Amla : Delays premature graying of hair & also smooth Hair & Skin.

Brahmi : Reduces stress which is vital cause for hair shedding & Hair loss.

Shatavari & Soya : Corrects hormonal imbalance.(Perimenopausal Women)

Beta-sitosterol : Reduces hair loss with androgenic alopecia.

Biotin : Improves quality of hair including thickness & shine.

Argenin : Improves blood flow to the scalp which stimulates hair growth & regeneration.

Zinc : Useful for hair tissue growth and repair

Iron, which delivers oxygen to the hair root and helps to reduce hair loss.

Yastimadhu has proven effective in balancing increased Vatta & Pitta & reduces hair fall.

A herbal digestive drops beyond gripe water

Each Drops Contains

Trijat (Taj + Cardamum + Tamalpatra)	6 mg

Since 1981

Psoriasis is an autoimmune disorder of the skin resulting in rapid proliferation & differentiation of the skin cells. Psora is a highly effective treatment in the management of Psoriasis. Psora is very effective during the scaling stage of Psoriasis. It controls hyperkeratosis and retards cell division & inflammatory process, Controls Hyper keratosis, Reduces scaling quickly Safe-effective- affordable, Increases the bio-availability of active ingredients, Ideal Hydro-Lipo quotient reduces xerosis of skin and associated itching, Delays cell death and prolongs cell cycle turn over time, Quick relief from clinical symptoms and early onset of remission. Prolonged period of remission. It is the safest and the most effective option for the psoriatic skin. Psoriasis is a common and chronic skin disorder that is characterized by inflamed lesions and silvery white scales. Faulty signals in the immune system cause new skin cells to form at an increased rate. The body is unable to shed these cells away as quickly, causing them to pile up forming lesions. The most common areas on the body afflicted by psoriasis plaques are the elbows, knees, lower back, and scalp. Psoriasis can cause extreme skin irritation, cracking, bleeding and psychological distress. This condition is typically prevalent in people between the ages of 15 to 50. Keeping the skin moist and hydrated prevents Psoriasis. Avoiding harsh sunlight, eliminating dairy products and red meats from your diet, applying a broad spectrum sunscreen, taking supplements- all help in alleviating psoriasis. "VIRUDDH AHAR" Like milk should not be mixed with sourfood jaggery; onion; garlic etc.

Since 1981

REPROST CAPSULE

Regain the Joy of Old Age.....

Each Capsule Contains

Kancanara(Bauhinia variegata)	120 mg
Varuna(Crataeva nurvala)	80 mg
Goksura(Tribulus terrestris)	50 mg
Raktapunarnava(Boerhaavia diffusa)	50 mg
Svetasariva(Hemidesmus indicus)	50 mg
Usira(Vetiveria zizanioides)	50 mg
Kankola(Piper cubeba)	40 mg
Dashmool	40 mg
Suddha Shilajit(Asphaltum punjabianum)	15 mg

Indication:- Benign Prostate Hypertrophy (BPH).

Dosage: Two caps. BID to TID for two weeks followed by two caps BID.

Packing :- 10 x 10 Capsule in blister packing.

The pharmacological actions of Reprost inhibit the enzyme 5 α -reductase, which results in increased levels of testosterone. Drugs that inhibit the 5 α -reductase enzyme have been traditionally used in the management of BPH, prostate cancer and baldness. The drug significantly reduces prostatic weight, epithelial (the outer layer of cells that cover open surfaces on the body) height and stromal (connective tissue supporting the framework of an organ) proliferation. Reduces the symptoms of BPH Urinary tract infections, dysuria, local and internal inflammation are the common symptoms of BPH. Reprost has anti-inflammatory and antispasmodic properties that relieve BPH-induced inflammation and pain. Due to its antimicrobial property, the medicine prevents urinary tract infections which results due to urine stagnation in the body.

ROZLO POWDER (Sugar free)

Natural remedy for constipation

Each Powder Contains

Isabgol(Plantago ovata)	50%
Sonamukhi(leaf)(Cassia angustifolia)	27.8%
Suva(Anethum graveolens)	3.5%
Yashtimadhu(Glycyrrhiza glabra)	2.0%
Harde(Terminalia chebula)	1.5%
Trikatu	1.5%
Rhubarb(Rheum emodi)	1.0%

Indication:- Indigestion; Constipation, Gripping pain, Blotting.

Dosage:

Direction of use: Empty 1 sachet in 200ml of lukewarm water, stir well & drink at night. An additional glass of water would be beneficial or as directed by physician.

Packing :- Single sachet (pouch) of 5 gms

The natural ingredients in Rozlo soften the stool and enhance intestinal motility, which relieves acute and chronic constipation effectively. Due to its laxative property, the drug assists excretion without upsetting the fluid-electrolyte balance (mineral and water balance) in the body. Rozlo is non-habit forming and does not result in physiological dependence. For effective pre radiographic bowel preparation. Eliminates gas shadows, ensures better radiological interpretation and avoids repeated exposures.

Since 1981
